A powerful design choice.

With cutting edge technology and superior colour uniformity across cells and frame, this sleek all-black design is the module of choice for residential projects seeking power and style.

Dual-glass: sustainably stylish.

Packaged with style, the Vertex S+ **Full Black** replaces traditional plastic backsheets with innovative dual-glass to ensure full recyclability at the end of each module's lifetime. Sustainability has never looked better.

Ask at your local distributor.

The Vertex S+ **Full Black** is being installed across Europe making for a better and long lasting design. Contact your distributor to learn more or **click here** to search for your local one.
